Programme : Equality and Diversity

Our enjoyable programme shows you simple steps to ensure all people are fully respected and accommodated as equal members of the community and the organisation. Participants will discover that rather than being a legal nightmare, meeting Equality & Diversity requirements is an exciting challenge and a welcome tool for positive and beneficial change.

- Become familiar with some of the definitions of Equality & Diversity
- Create a workable policy, including the legislative context and the impact this has on the workplace
- Be familiar with ideas governing the statutory government guidance, and its impact on practice
- Cascade this information to others
- Produce action plans with strategies that build capacity and promote resilience

Main Topics
